# General Prediction

## Character

You are a sensitive and emotional person. The hard knocks of this world have more effects on you than they have on most other people, and you lose some of the enjoyment of life in consequence. What other people say and think of you is taken by you to heart. Thus, there are a certain number of things which cause you unhappiness which, after all, are not worth troubling about. Your manner is quiet, as a rule, and this quality gives you the appearance of being strong and determined in the eyes of your fellow-men and women. It enables you to get your own way when you want it. You do not say as much as you think and while you are thinking, you are reasoning. It follows that your judgement is worth having and people will flock to you for advice. You have several excellent qualities. You are highly sympathetic, which makes you a good friend. You are loyal and patriotic and are thus a first class citizen. You are, or would be a most lovable parent. You are, or would be, everything that your partner could desire. Clearly, the good qualities of yours far outweigh the others.

## Happiness And Fulfillment

You have the ability to truly enjoy yourself in the company of others. Quite cheerful and pleasant, you are not afraid to laugh and usually have an excellent sense of humor. Your mind is influenced strongly by beauty, and you may bring it prominently into your environment. Anyone who can bring beauty into his or her surroundings is more prone to happiness.

Your parents serve as a spiritual factor influencing you to accomplish certain objectives. Try

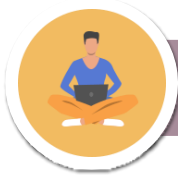

## Life Style

to do what you want to do. Perform for yourself and not for them.

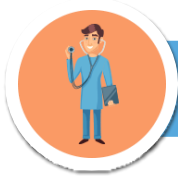

## Career

Your career must offer you both intellectual stimulation and diversity. You like to do many things at one time, and probably will have two professions.

### Occupation

There are many forms of work that you could take up with entire success. All those occupations that depend, primarily, on passing examinations are within your range, since you are quick to learn and the grind necessary for their success is not a matter that irritates you. Your capacity for detail is valuable in a thousand widely different jobs. You would make an excellent journalist, not a bad detective. As a teacher you would be probably very good whilst your facility for remembering faces would be a valuable asset as a shopkeeper. What panders more to a customer's vanity than to be able to tell him everything that he discussed on his last visit? You have a wonderful gift for doing this. As has been said, you are not exceptionally good in posts where leadership is required. But you would do well in almost any capacity where decisions have to be made. You are not fitted for the work of a commercial traveller and, generally speaking, the sea does not attract you.

### Health

You are lucky in terms of health. You are the master of excellent anatomy. Health will always support you. But you can suffer from minor problems like cold-flu. As the age increases, you will consider yourself strong and powerful. Avoid stress. Without any medical advice or prescription, consuming medicines can have a bad effect on your health. You will attain longevity in life.

### Hobbies

Your leisure moments must be spent in a manner fitting to your temperament. Seeing that you value refinement and comforts, you do not care for rough or strenuous games. You like the company of others and you seek the bright-spots of life. Card-playing, probably, tempts you, but it has no attractions unless money stakes are involved. And, here, it may be well to warn you against gambling. If allowed, it might take a strong hold on you.

## Love Matters

You take love very seriously. In fact, you approach it in such a manner that the object of your affections is likely to be frightened away. Once the course of true love runs smoothly, you show that your affections are deep and real. You will make a very sympathetic partner and the person whom you marry will have your undivided love. You will want him or her, however, to listen attentively to your troubles. But, you will not have the patience to give a sympathetic ear to others.

## Finance

You are not likely to be lucky with partners in business. You will be more likely to be architect of your own fortune than receive much help from others. But, there is no reason for you not to eventually succeed and even become wealthy. In matter of finance, your quick-witted clever brain will give you great opportunities. The 12th house influence will disrupt your 4th house material accumulation of property and other immovable assets. You may show disinterest in

the luxury of conveyance and security of material assets alorded by the 4th house. This placement also indicates an unemotional nature. Since the 4th house deals with your feelings and emotional world, the inOuence of the 12th lord here will detach or disengage you from your home, mother and feelings. ### Shani Sade Sati: Rising Phase

This is starting period of Shani's Sade Sati. In this period Saturn will be transiting in 12th house from the Moon. It generally indicates financial loss, problems by hidden enemies, aimless travel, disputes, and poverty. During this period, you may face problems created by your hidden enemies. Relationship with your colleagues will not be good enough and they will create problems in your work environment. You may also face challenges on your domestic front. This may create pressure and tension. You need to exercise control over your spending otherwise it will lead to bigger financial problems. Long distance travels may not be fruitful during this period. Saturn's nature is of delay and dejection, but generally you will get results eventually, so be patient and wait for your turn. Take this period as a learning period, put your hard work and things will fall in place. You are advised not to take high risks in business matters in this period.

### Shani Sade Sati: Peak Phase

This is the peak of Shani's Sade Sati. Generally this phase of Saturn is the most difficult one. Saturn transiting over natal Moon indicates health problems, character assassination, problems in relationship, mental afflictions, and sorrows. You will find it difficult to achieve success in this period. You may not get results of your hard work and feel restricted. Your constitution and immune system will not be strong. As the first house is the house of health, you should start exercising and taking care of your health, otherwise you can be caught by chronic diseases. You may suffer from depression, unknown fear or phobia. You will lack clarity in thinking, action, and decision making. You will be spiritually inclined and will be attracted by intricacies of nature. Acceptance and doing basics right will sail you out of this period.

## Shani Sade Sati: Setting Phase

This is 'setting' period of Shani's Sade Sati. Saturn will be transiting in the 2nd house from the natal Moon, which indicates difficulty on financial and domestic front. You will start feeling slight relief after having two difficult phases of Sade Sati. Still, misunderstandings and financial stress can be seen during this period. Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. You may be pessimistic in thinking, you are advised to deal with matters enthusiastically. You will require paying good attention to family and personal front, otherwise those can also lead to a bigger problem. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

Kalsarp Yog is not present.

As per the popular definition, when all planets are situated in between Rahu and Ketu in birth-chart or horoscope, the astrologers call it Kalsarp Dosh. In present days, discussions about this dosh are vogue among Jyotishi or Hindu Astrologers of India. Many of troubles in one's life are attributed to Kalsarp Dosh. Without analyzing other areas of astrology, most astrologers, in fact, accept Kalsarp dosh as main root of problems. But the reality is this that if all planets are well posited in horoscope, Kalsarp dosh will not be harmful, and can be supportive to beneficial results endowed by good positions of planets. Kalsarp dosh is inauspicious only when positions of other planets are unfavorable in one's horoscope.

Therefore, it is not wise to fear hearing just about 'Kalsarp Dosh'. It is in fact always better to reach on remedies only after consulting jyotishi for deep analysis on negative influences of Kalsarp dosh. Interestingly, influence of kalsarp dosh is different in different people. Because influence of kalsarp dosh is based on points-which sign is posited in which house, and what other planets occupied that house, what are their influences and so on.

The major period of each planet includes the sub period of all the planets. However, the full effect on the birth chart depends not only on the transits of the planet, but also on their periods and sub periods. # Ishta Devata

Worshipping your Ishta Deva leads to worldly success and liberation. As per your birth chart, your Ishta Deva: Goddess Maha Lakshmi and Maa Gouri.

## Goddess Maha Lakshmi and Maa Gouri

### Ishta Devata: Who and Why?

Moksha is a concept associated with the birth and rebirth cycle, and Vedic Astrology defines the attainment of moksha as the only purpose in life for every human being. Our Ishta Devata or chosen deity is the one whom we pray to, and who can guide us to our true purpose - salvation. Ishta Devata, literally translates to 'the favored deity' whom we worship, and is the higher power, whom we connect with spiritually. He/She guides us through life, helping us live a fulfilling and protected life, and then finally directing us into leaving the cycle of rebirth behind to experience of oneness with the One Supreme Self. Unlike our Kul Devata, the Ishta Devata is unique for every individual, and can be easily discovered through our birth chart. As per astrology, one should definitely worship their specific Ishta Devata. The rituals behind the veneration of your chosen deity are rather easy to follow and are mainly based on the chanting of mantras pertaining to them.

### How To Find Your Chosen Deity (Ishta Devata)

**One Kundli**

onekundliteam@gmail.com

The knowledge about one's Ishta Devata can easily be discovered through the Atmakaraka in Navamsa in our birth charts. The Atmakaraka is the planet with the highest degree in our kundli. The Navamsa, on the other hand, is the ninth division in our birth chart, that signifies Dharma and thereby is also known as the Dharma-amsa. The Atmakaraka in one's Navamsa is called the Karakamsa and the twelfth house or sign from it pertains to our Ishta Devata. The planets posited in this house determine our chosen deity, however, if this house is empty then the Lord of the house is taken as the significator. Every planet pertains to a certain deity who has to be worshipped.

# Remedies

Remedies are like treatment of yourself to avoid malefic effects of planets and to improve good effects of positive planets according to your horoscope. If you are sick, you consult medical practitioner. What he does? He first checks your bodily symptoms and then ask for conducting some test to investigate root cause of problem. Thereafter, he prescribes you some medicines and also tells about some precautions. Similarly, an astrologer first sees your bodily symptoms, then he analyses your chart in depth and find out root cause of your sufferings and thereafter he suggests some remedies (as medicines) and also tells you about some do's and don'ts (precautions). Therefore, remedial measures always help you overcoming most of your worries and issues pertaining to different walks of your life.

# Shad Bala s Bhav Bala Tables

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. 'Shad' in Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.

## Western Chart

# Western Aspects

## What is an Aspect

Aspect is an angular distance measured in degree and minute of celestial longitude between two points in the zodiac. Unlike Vedic Astrology Aspects, Western Aspects are grouped into good and evil. Results of good aspects are good, as these aspects symbolize progress and harmony. If two celestial bodies form good aspects, these bodies collaborate and produce positive results, as per Western Astrology. If the difference of the longitudes is exact, the aspect is considered strong or having more weightage. Though in real world we rarely see the exact aspects and an Orb is used to calculate till what difference the aspect will still apply. Orb is an allowance of so many degrees on either side of an exact aspect.

Here are the aspects, their weightage and orb that we have calculated -

| Abbr-Aspect         | Degree | Orb | Weight | Abbr-Aspect      | Degree | Orb | Weight |
|---------------------|--------|-----|--------|------------------|--------|-----|--------|
| CONJ-CONJUNCTION    | 0      | 15  | 10     | OPPN-OPPOSITION  | 180    | 15  | 10     |
| TRIN-TRINE          | 120    | 6   | 3      | SQUR-SQUARE      | 90     | 6   | 3      |
| SEXT-SEXTILE        | 60     | 6   | 3      | SSQU-SEMI SQUARE | 45     | 1   | 1      |
| NONL-NONILE         | 40     | 1   | 1      | QUIN-QUINLILE    | 72     | 1   | 1      |
| SQQD-SESQUIQUADRATE | 135    | 1   | 1      | QUIN-QUINCUNC    | 150    | 1   | 1      |

## Note

The table specifies the aspect if it exists and the weight. Weight of the aspect denotes strength of the aspect.

# Yogini Dasha Predictions

In the field of Vedic Astrology, where Vimshottari Dasha is considered to be most significant, there Yogini Dasha also has its particular relevance. Many learned astrologers make use of Yogini Dasha in addition to Vimshottari Dasha because doing so brings forward better results and it helps in predictions as well. The Vimshottari Dashes are of the nine planets (navagraha), and their duration is of 120 years. On the other hand, there are a total of eight Yogini Dashes, and they span a length of 36 years, after which they restart. Each Yogini Dasha has a lord planet, namely:

Mangala (Moon)

Total duration of 1 year

Pingala (Sun)

Total duration of 2 years

Dhanya (Jupiter)

Total duration of 3 years

Bhramari (Mars)

Total duration of 4 years

Bhadrika (Mercury)

Total duration of 5 years

Ulka (Saturn)

Total duration of 6 years

Siddha (Venus)

Total duration of 7 years

Sankata (Rahu)

Total duration of 8 years

Thus, beginning with the birth of a native, each of these 8 Yogini Dashes influences the person for a total of 36 years. Once this duration is complete, the Yogini Dasha from their birth emerges again, and once more, this process is repeated.

As each of these Dashes and their duration differs, thus, their results vary too. Let us discover the effects of a Yogini Dasha on you:
